

Local Program Support

WHAT'S NEW?

The DMH Community Services Division has recently re-structured to reflect our commitment to assist with individual county concerns and issues. The Local Program Support Branch includes three Sections: MHSAs Plan Review and Development, MHSAs Plan Review and Resources, and County Technical Assistance. These sections are responsible for MHSAs plan reviews and providing technical assistance and support to county mental health programs.

In addition to offering local program support to California counties, each section specializes in a subject area or MHSAs component. We hope you will find our new Local Program Support Branch helpful and convenient.

Please email all MHSAs plans and updates to:

**Department of Mental Health
ATTN: MHSAs Plan Review
1600 - 9th Street, Room 100
Sacramento, CA 95814**

CSS updates may be emailed to ccta@dmh.ca.gov
